- 100mm x 100mm embroidery area
- 70 built-in embroidery designs
- Easy, automatic needle threading
- Quick set bobbin and bobbin sensor
- Back lit LCD touch screen
- Automatic thread cutting

Innov-is 90E

Create your own style, create your own fashion

The Innov-is 90E gives you all you need in an embroidery machine - intuitive technology, versatile functions and beautiful built-in designs. Enjoy the colour and style that embroidery can add to almost anything.

Quick-set bobbin

Just drop in a full bobbin and you're ready to go. The Innov-is 90E has a lower bobbin sensor which will warn you when the bobbin is running low

Compatible with other manufacturers thread

In addition to the Brother thread chart, the Innov-is 90E recognises threads from three other manufacturers.

Compact and easy embroidery

The Innov-is 90E has a 100mm x 100mm embroidery area. Just set the embroidery unit and frame, select the pattern and you're ready to embroider. Additional frames are also available separately:

Instantly import patterns from Brother Memory Cards

We've made it easy to import embroidery patterns. Just insert a memory card into the Innov-is 90E.

USB import to connect to a PC

Connect your Innov-is 90E to a PC, and transfer customised embroidery data. Compact body, but big expandability.

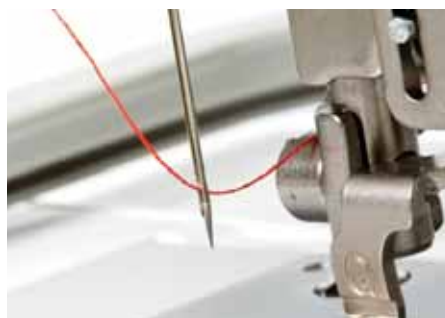

LCD touch screen

Manage all the functions with a simple touch of the easy-to-read LCD display. Includes icons and 15 languages

Built-in font styles

Built-in font styles make it easy for you to personalise all your sewing and embroidery projects.

Easy threading

No more stress when threading. Follow the thread guide, and use the needle threader lever with one finger.

Easy lower thread winding

Quick and easy way to wind lower thread! just put in the bobbin and the thread guide shows you which way to go.

Your creativity will be unlimited - from fashion & home furnishings to innovative card making and gifts.
